

## index to volume 31, 1973

### A

- Ablin, RA: Immunologic studies of patients with pulmonary emphysema. 171
- ACA by laws. 149
- Ado, A and Goldstein, MM: Primary immune response in rabbits after lesion of the different zones in the medial hypothalamus. 585
- Adrenergic stimulators and aspirin intolerance, (hypersensitivity), Test for. Elmer W Fisherman and Gerald N Cohen. 182
- Agarwal, MK and Shivpuri, DN: Effect of tylophora indica on bronchial tolerance to inhalation challenges with specific allergens. 87
- Airborne fungi survey. 1. Culture-plate survey of the home environment. Earl D Lumpkins, Shirley L Corbit and Gail M Tiedeman. 361
- Air conditioning systems, Review of respiratory virology and the spread of virulent and possibly antigenic viruses via, Part I. Joseph M Zeterberg. 228
- Air conditioning systems, Review of respiratory virology and the spread of virulent and possibly antigenic viruses via, Part II. Joseph M Zeterberg. 291
- Allergic asthma, inhalation tests as a routine diagnostic procedure in. JP Girard, Horvat and JC Disheim. 596
- Allergic tension-fatigue syndrome. (case report) Eugene G Weinberg and Montri Tuchinda. 209
- Allergology: the evolution and revolution of a medical specialty. (the William B Sherman memorial address) Frank Perlman. 353
- Allergy abstracts from around the world. 49, 98, 143, 212, 239, 305, 344, 388, 437, 509, 565, 622
- Allergy: expanding horizons in science and patient care. A 30-minute color-sound 16-mm motion picture. (film soundtrack) 523
- Allergy film of great merit, An. (editorial) M Coleman Harris. 571
- Allergy to pyramidon (aminopyrine). G Patriarca, A Venuti and W Bonini. 84
- Alling, S, E Kaplan and L Mayron: Comparison of eosinophilia in drug-addicted veterans from foreign and domestic stations. (clinical notes) 235
- Alpha<sub>1</sub>-antitrypsin, Serum, In allergic respiratory disorders. Cigdem Altay, Yildiz Saraclar, Burhan Say and Safiye Gogus. 420
- Altay, Cigdem, Yildiz Saraclar, Burhan Say and Safiye Gogus: Serum alpha<sub>1</sub>-antitrypsin in allergic respiratory disorders. 420
- AMA interspecialty council meeting, February 2, 1973. (committee report) 237
- AMA interspecialty meeting, October 19, 1972. (committee report) Lowell Henderson. 95
- American Board of allergy and immunology announces by-law changes. 454
- Anaphylaxis, mechanism of suppressing, Through electrolytic lesion of the tuberal region of the hypothalamus. Geza Filipp. 272
- Aspirin and other cross-reacting small chemicals in known aspirin intolerant patients. Elmer W Fisherman and Gerald N Cohen. 476
- Aspirin disease, L-histidine and the sequential vascular response test. Elmer W Fisherman and Gerald N Cohen. 555
- Aspirin intolerance (hypersensitivity) and adrenergic stimulators, Test for. Elmer W Fisherman and Gerald N Cohen. 182
- Aspirin sensitive asthma, And cystic fibrosis of the pancreas, Possible genetic links between. Irvin Caplan and John T Haynes. 320
- Asthma, Protection from exercise-induced, By pre-exercise cromolyn sodium and its relationship to serum IgE levels. AR Morton, KJ Turner and KD Fitch. 265

## INDEX TO VOLUME 31

- Asthma, Symposium on isoproterenol therapy. Harold A Lyons, Stephen M Ayres, Murray Sworetsky, Constantine J Falliers, M Coleman Harris, CT Dollery and Bryan Gandevia. 1
- Atmospheric mold counts in Toronto, Canada, 1971. C Collins-Williams, HK Kuo, DN Garey, S Davidson, D Collins-Williams, M Fitch and JB Fischer. 69
- Atmospheric pollen counts in Toronto, Canada, 1971. C Collins-Williams, HK Kuo, EA Varga, S Davidson, D Collins-Williams and M Fitch. 65
- Atopic skin test reevaluated: I. Perfection of skin testing technique. R Voorhorst and H van Krieken. 137
- Atopic skin test reevaluated: II. Variability in results of skin testing done in octuplicate. R Voorhorst and H van Krieken. 195
- Atopic skin test reevaluated: II. Variability in results of skin testing done in octuplicate. R Voorhorst and H van Krieken. 499
- Ayres, Stephen M, Murray Dworetzky, Constantine J Falliers, M Coleman Harris, CT Dollery, Bryan Gandevia and Harold A Lyons: Symposium on isoproterenol therapy in asthma. 1

## B

- Baboo, M, C Collins-Williams, HK Kuo, H Langer, IG Doron and J Lovera: Provocative bronchial testing with molds. 401
- Banyai, Andrew L: Immunology - the key to the substrate of an agnogenic disease. (guest editorial) 572
- Barach, Alvan L, Hylan A Bickerman and John Rodgers: Continuous positive pressure breathing in chronic obstructive lung disease: effect on minute ventilation and blood gases. 72
- Beatard, Gerald A, Stephan E Ritzmann, Jerry C Daniels and Hideto Sakai: The lymphocyte in immunobiology. 109
- Bensaim Carlos: Staining of biologic airborne particles caught with the rotorod sampler. (A laboratory brief) 618
- Bickerman, Hylan A, John Rodgers and Alvan L Barach: Continuous positive pressures breathing in chronic obstructive lung disease: effect on minute ventilation and blood gases. 72
- Blood gases, Effect on minute ventilation and: Chronic obstructive lung disease, Continuous positive pressure breathing. Alvan L Barach, Hylan A Bickerman and John Rodgers. 72
- Blood levels following oral administration of theophylline preparations. Richard H Jackson, Ramon Garrido, Harold I Silverman and Harry Salem. 413
- Bonini, W, G Patriarca and A Venuti: Allergy to pyramidon (aminopyrine). 84
- Bonini, W, G Patriarca and A Venuti: Identification of IgG-antibodies in subjects with hay fever before and after specific hyposensitizing treatment. 223

- Collins-Williams, D, M Fitch, JB Fischer, C Collins-Williams, HK Kuo, DN Garey and S Davidson: Atmospheric mold counts in Toronto, Canada, 1971. 69
- Comparison of eosinophilia in drug-addicted veterans from foreign and domestic stations. (clinical notes) L Mayron, S Alling and E Kaplan. 235
- Continuous positive pressure breathing in chronic obstructive lung disease: effect on minute ventilation and blood gases. Alvan L Barach, Hylan A Bickerman and John Rodgers. 72
- Corbit, Shirley L, Gail M Tiedeman and Earl D Lumpkins: Airborne fungi survey. 1. Culture-plate survey of the home environment. 361
- Corticosteroids, Parenteral long-acting: effect on hypothalamic-pituitary-adrenal function. George R Mikhail, Lawrence C Sweet and Raymond C Mellinger. 337
- Cromolyn sodium and its relationship to serum IgE levels, Protection from exercise-induced asthma by pre-exercise. AR Morton, KJ Turner and KD Fitch. 265
- Cromolyn sodium (disodium) cromoglycate, Effect of, On the peripheral eosinophilia of asthmatic children. James G Easton. 134
- Cross-reacting small chemicals in know aspirin intolerant patients, Aspirin and other. Elmer W Fisherman and Gerald N Cohen. 476

## INDEX TO VOLUME 31

- Cystic fibrosis of the pancreas and aspirin sensitive asthma, Possible genetic links between. Irvin Caplin and John T Haynes. 320

### D

- Daddono, Anthony, Eloise Johnson and Gilbert Lanoff: Nasal Polyps in children: a ten year study. 551
- Daniels, Jerry C, Hideto Sakai, Gerald A Beathard and Stephan E Ritzmann: The lymphocyte in immunobiology. 109
- Davidson, S, D Collins-Williams, M Fitch, C Collins-Williams, HK Kuo and EA Varga: Atmospheric pollen counts in Toronto, Canada, 1971. 65
- Davidson, S, D Collins-Williams, M Fitch, JB Fischer, C Collins-Williams, HK Kuo and DN Garey: Atmospheric mold counts in Toronto, Canada, 1971. 69
- De Gara, Paul F: The practice of allergy and clinical immunology in the 1970's in the spirit of Dr. Bela Schick. (the Bela Schick memorial lecture) 316
- Didisheim JC, JP Girard and L Horvat: Inhalation tests as a routine diagnostic procedure in allergic asthma. 596
- Diethylcarbamazine in bronchial asthma, Antti Koivikko. (clinical notes) 45
- Dollery, CT, Bryan Gandevia, Harold A Lyons, Stephen M Ayres, Murray Dworetzky, Constantine J Falliers and M Coleman Harris: Symposium on isoproterenol therapy in asthma. 1
- Doron, IG, J Lovera, M Baboo, C Collins-Williams, HK Kuo and H Langer: Provocative bronchial testing with molds. 401
- Downes John J and Wood David W: Intravenous isoproterenol in the treatment of respiratory failure in childhood status asthmaticus. 607
- Drug-addicted veterans from foreign and domestic stations, Comparison of eosinophilia in. (clinical notes) L Mayron, S Alling and E Kaplan. 235
- Drug intolerance, Vascular response as an indicator and monitor of, Chemical intolerance to butylated-hydroxyanisole (bha) and butylated-hydroxytoluene (bht). Elmer W Fisherman and Gerald Cohen. 126
- Drug reactions and sublingual testing with certified food colors. Stephen D Lockey. 423
- Dworetzky, Murray, Constantine J Falliers, M Coleman Harris, CT Dollery, Bryan Gandevia, Harold A Lyons and Stephen M Ayres: Symposium on isoproterenol therapy in asthma. 1

### E

- Easton, James G: Effect of cromolyn sodium (disodium) cromoglycate on the peripheral eosinophilia of asthmatic children. 134
- Effect of cromolyn sodium (disodium) cromoglycate on the peripheral eosinophilia of asthmatic children. James G Easton. 134
- Effect of exercise upon plasma cortisol and airway obstruction in asthmatic children. R Michael Sly, Fred Joseph and Curtis M Johnson. 371
- Effect of exercise on serum monoamine oxidase and airway obstruction in asthmatic children. R Michael Sly, Fred Joseph and Curtis M Johnson. 328
- Effect of tylophora indica on bronchial tolerance to inhalation challenges with specific allergens. DN Shivpuri and MK Agarwal. 87
- Engendering the cooperative spirit. (editorial) Ralph Hale. 443
- Enzyme-potentiated hyposensitization. Effects of glucose, glucosamine, N-acetyl amino-sugars and gelatin on the ability of F $\beta$ -glucuronidase to block the anamnestic response to antigen in mice. LM McEwen. 79
- Enzyme-potentiated hyposensitization III: control by sugars and diols of the immunological effect of  $\beta$  glucuronidase in mice and patients with hay fever. LM McEwen, Mary Nicholson, I Kitchen and Sheila White. 543
- Eosinophilia in drug-addicted veterans from foreign and domestic stations, Comparison of. (clinical notes) L Mayron, S Alling and E Kaplan. 235
- Evolution of the modern allergist and clinical immunologist. (chairman's address) Mayer A Green. 457

## INDEX TO VOLUME 31

### F

- Facts, not fear. (presidential address) Lamar B Peacock. 313
- Faga, Aldo, Samuel J Prigal and Arthur Stern: A study of a large family with an unusually high incidence of asthma. 561
- Falliers, Constantine J, M Coleman Harris, CT Dollery, Bryan Gandevia, Harold A Lyons, Stephen M Ayres and Murray Dworetzky: Symposium on isoproterenol in asthma. 1
- Filipp, Geza: Mechanism of suppressing anaphylaxis through electrolytic lesion of the tuberal region of the hypothalamus. 272
- Fischer, JB, C Collins-Williams, HK Kuo, DN Garey, S Davidson, D Collins-Williams and M Fitch: Atmospheric mold counts in Toronto, Canada, 1971. 69
- Fisherman, Elmer W and Gerald N Cohen: Aspirin and other cross-reacting small chemicals in known aspirin intolerant patients. 476
- Fisherman, Elmer W and Gerald N Cohen: Aspirin disease, L-histidine and the sequential vascular response test. 555
- Fisherman, Elmer W and Gerald Cohen: Chemical intolerance to butylated-hydroxyanisole (bha) and butylated-hydroxytoluene (bht) and vascular response as an indicator and monitor of drug intolerance. 126
- Fisherman, Elmer W and Gerald N Cohen: Test for aspirin intolerance (hypersensitivity) and adrenergic stimulants. 182
- Fitch, KD, AR Morton and KJ Turner: Protection from exercise-induced asthma by pre-exercise cromolyn sodium and its relationship to serum IgE levels. 265
- Fitch, M, C Collins-Williams, HK Kuo, EA Varga, S Davidson and D Collins-Williams: Atmospheric pollen counts in Toronto, Canada, 1971. 65
- Fitch, M, JB Fischer, C Collins-Williams, HK Kuo, DN Garey, S Davidson and D Collins-Williams: Atmospheric mold counts in Toronto, Canada, 1971. 69

### G

- Gandevia, Bryan, Harold A Lyons, Stephen M Ayres, Murray Dworetzky, Constantine J Falliers, M Coleman Harris and CT Dollery: Symposium on isoproterenol therapy in asthma. 1
- Garey, DN, S Davidson, D Collins-Williams, M Fitch, JB Fischer, C Collins-Williams and HK Kuo: Atmospheric mold counts in Toronto, Canada, 1971. 69
- Garrido, Ramon, Harold I Silverman, Harry Salem and Richard H Jackson: Blood levels following oral administration of theophylline preparations. 413
- Girard JP, Horvat L and Didisheim JC: Inhalation tests as a routine diagnostic procedure in allergic asthma. 596
- Gogus, Safiye, Cigdem Altay, Yildiz Saraclar and Burhan Say: Serum alpha -antitrypsin in allergic respiratory disorders. 420
- Goldstein MM and Ado A: Primary immune response in rabbits after lesion of the different zones in the medial hypothalamus. 585
- Goodman, Daniel H: Systemic fungal infection complications in asthmatic patients treated with steroids. (case report) 205
- Green, Mayer A: Evolution of the modern allergist and clinical immunologist. (chairman's address) 457

### H

- Hale, Ralph: Engendering the cooperative spirit. (editorial) 443
- Harris, M Coleman, CT Dollery, Bryan Gandevia, Harold A Lyons, Stephen M Ayres, Murray Dworetzky and Constantine J Falliers: Symposium on isoproterenol therapy in asthma. 1
- Harris, M Coleman: An allergy film of great merit. (editorial) 571
- Hay fever, Identification of IgG-antibodies in subjects with, before and after specific hyposensitizing treatment. G Patriarca, A Venuti and W Bonini. 223

## INDEX TO VOLUME 31

- Haynes, John T and Irvin Caplin: Possible genetic links between cystic fibrosis of the pancreas and aspirin sensitive asthma. 320
- Heimlich Ernest: Inhalation testing (editorial). 630
- Helium-oxygen therapy on patients with chronic lung disease, Re-appraisal of. Sadamu Ishikawa and Maurice S Segal. 536
- Henderson, Lowell: AMA interspecialty meeting, October 19, 1972. (committee report) 95
- Horvat L, JC Didisheim and JP Girard: Inhalation tests as a routine diagnostic procedure in allergic asthma. 596
- Hypereosinophilic states, lymphocytes in some. Joseph Rebhun. 590
- Hurst, Allan: Metaproterenol, a potent and safe bronchodilator. 460
- Hyadatid disease, The immunodiagnosis of: post-operative evaluation of the skin test and four serological tests. Nathan Lass, Zahava Laver and Jacob Lengy. 430

### I

- Identification of IgG-antibodies in subjects with hay fever before and after specific hyposensitizing treatment. G Patriarca, A Venuti and W Bonini. 223
- IgG-antibodies, Identification of, In subjects with hay fever before and after specific hyposensitizing treatment. G Patriarca, A Venuti and W Bonini. 223
- Immunobiology, The lymphocyte in. Stephan E Ritzmann, Jerry C Daniels, Hideto Sakai and Gerald A Beathard. 109
- Immunodiagnosis of hydatid disease: post-operative evaluation of the skin test and four serological tests, The. Nathan Lass, Zahava Laver and Jacob Lengy. 430
- Immunologic studies of patients with pulmonary emphysema. RJ Ablin. 171
- Immunology — the key to the substrate of an agnogenic disease. (guest editorial) Andrew L Ban-yai. 572
- Inhalation testing (editorial). Ernest Heimlich. 630
- Inhalation tests as a routine diagnostic procedure in allergic asthma. JP Girard, L Horvat and JC Didisheim. 596
- In Memoriam
- John DeSanto (1907-1971). 218
  - C Dean Dukes (1923-1973). 245
  - Stephan Epstein (1900-1973). 582
  - George A Peck (1913-1972). 446

- Lengy, Jacob, Nathan Lass and Zahava Laver: The immunodiagnosis of hydatid disease: post-operative evaluation of the skin test and four serological tests. 430
- L-histidine and the sequential vascular response test, Aspirin disease. Elmer W Fisherman and Gerald N Cohen. 555
- Lockey, Stephen D: Drug reactions and sublingual testing with certified food colors. 423
- Loeffler, James A, Leo P Cawley and Marilyn Moeder: Serum IgE levels: correlation with skin test sensitivity. 331
- Lovera, J, M Baboo, C Collins-Williams, HK Kuo, H Langer and IG Doron: Provocative bronchial testing with molds. 401
- Lumpkins, Earl D, Shirley L Corbit and Gail M Tiedeman: Airborne fungi survey. 1 Culture-plate survey of the home environment. 361
- Lymphocyte in immunobiology, the. Stephan E Ritzmann, Jerry C Daniels, Hideto Sakai and Gerald A Beathard. 109

## INDEX TO VOLUME 31

- Lymphocytes in some hypereosinophilic states. Joseph Rebhun. 590  
 Lyons, Harold A, Stephen M Ayres, Murray Dworetzky, Constantine J Falliers, M Coleman Harris, CT Dollery and Bryan Gandevia: Symposium on isoproterenol therapy in asthma. 1

## M

- Marks Meyer B: Unusual signs of respiratory tract allergy. 611  
 Mayron, L, S Alling and E Kaplan: Comparison of eosinophilia in drug-addicted veterans from foreign and domestic stations. 235  
 McEwen, LM: Enzyme potentiated hyposensitization. Effects of glucose, glucosamine, N-acetylaminosugars and gelatin on the ability of F $\beta$ -glucuronidase to block the anamnestic response to antigen in mice. 79  
 McEwen, LM, Mary Nicholson, I Kitchen and Sheila White: Enzyme-potentiated hyposensitization III: control by sugars and diols of the immunological effect of  $\beta$  glucuronidase in mice and patients with hay fever. 543  
 McGovern, John P: On recent actions and plans of the FDA relevant to the management of patients with allergic disease. (editorial) 47  
 Mechanism of suppressing anaphylaxis through electrolytic lesion of the tuberal region of the hypothalamus. Geza Filipp. 272  
 Medial hypothalamus, primary immune response in rabbits after lesion of the different zones in the. A Ado and MM Goldstein. 585  
 Mellinger, Raymond C, George R Mikhail and Lawrence C Sweet: Parenteral long-acting corticosteroids: effect on hypothalamic-pituitary-adrenal function. 337  
 Metaproterenol, a potent and safe bronchodilator. Allan Hurst. 460  
 Mikhail, George R, Lawrence C Sweet and Raymond C Mellinger: Parenteral long-acting corticosteroids: effect on hypothalamic-pituitary-adrenal function. 337  
 Moeder, Marilyn, James A Loeffler and Leo P Cawley: Serum IgE levels: correlation with skin test sensitivity. 331  
 Molds, Provocative bronchial testing with. C Collins-Williams, HK Kuo, H Langer, IG Doron, J Lovera and M Baboo. 401  
 Morton, AR, KJ Turner and KD Fitch: Protection from exercise-induced asthma by pre-exercise cromolyn sodium and its relationship to serum IgE levels. 265

## N

- Nasal polyps in children: a ten year study. Gilbert Lanoff, Anthony Daddono and Elsie Johnson. 551  
 Neurologic manifestations of allergic disease. M Brent Campbell. 485  
 Nicholson, Mary, I Kitchen, Sheila White and LM McEwen: Enzyme-potentiated hyposensitization III: control by sugars and diols of the immunological effect of  $\beta$  glucuronidase in mice and patients with hay fever. 543

## O

- On recent actions and plans of the FDA relevant to the management of patients with allergic disease. (editorial) John P McGovern. 47

## P

- Parenteral long-acting corticosteroids: effect on hypothalamic-pituitary-adrenal function. George R Mikhail, Lawrence C Sweet and Raymond C Mellinger. 337  
 Patriarca, G, A Venuti and W Bonini: Allergy to pyrimidin (aminopyrine). 84  
 Primary immune response in rabbits after lesion of the different zones in the medial hypothalamus. A Ado and MM Goldstein. 585  
 Pulmonary emphysema, Immunologic studies of patients with. RJ Ablin. 171

## INDEX TO VOLUME 31

- Patriarca, G, A Venuti and W Bonini: Identification of IgG-antibodies in subjects with hay fever before and after specific hyposensitizing treatment. 223
- Peacock, Lamar B: Facts, not fear. (presidential address) 313
- Perlman, Frank: Allergology — the evolution and revolution of a medical specialty. (the William B Sherman memorial address) 353
- Plasma cortisol and airway obstruction in asthmatic children, Effect of exercise upon. R Michael Sly, Fred Joseph and Curtis M Johnson. 371
- Possible genetic links between cystic fibrosis of the pancreas and aspirin sensitive asthma. Irvin Caplin and John T Haynes. 320
- Practice of allergy and clinical immunology in the 1970's in the spirit of Dr. Bela Schick, The. (the Bela Schick memorial lecture) Paul F De Gara. 316
- Prigal, Samuel J, Arthur Stern and Aldo Faga: A study of a large family with an unusually high incidence of asthma. 561
- Protection from exercise-induced asthma by pre-exercise cromolyn sodium and its relationship to serum IgE levels. AR Morton, KJ Turner and KD Fitch. 265
- Provocative bronchial testing with molds. C Collins-Williams, HK Kuo, H Langer, IG Doron, J Lovera and M Baboo. 401
- Pyrimidon (aminopyrine), Allergy to. G Patriarca, A Venuti and W Bonini. 84

## R

- Rapaport, Howard G: Clemens von Pirquet and allergy. (A Clemens von Pirquet Memorial Lecture) 467
- Rapaport, Howard G: What's with the FDA? (editorial) 515
- Re-appraisal of helium-oxygen therapy on patients with chronic lung disease. Sadamu Ishikawa and Maurice S Segal. 536
- Rebhun Joseph: Lymphocytes in some hypereosinophilic states. 590
- Rege, VL and VN Sehgal: An interrogative study of 158 urticaria patients. 279
- Report of AMA interspecialty council meeting, April 19, 1973. (committee report) 386
- Report of the committee on provocative food testing. (committee report) 375
- Report of the food allergy committee on the sublingual method of provocative testing for food allergy, April 12, 1973. (committee report) 382
- Respiratory tract allergy, unusual sign of. Meyer B Marks. 611
- Respiratory virology and the spread of virulent and possibly antigenic viruses via air conditioning systems, A review, Part I. Joseph M Zeterberg. 228
- Respiratory virology and the spread of virulent and possibly antigenic viruses via air conditioning systems, A review, Part II. Joseph M Zeterberg. 291
- Review of respiratory virology and the spread of virulent and possibly antigenic viruses via air conditioning systems, Part I. Joseph M Zeterberg. 228
- Review of respiratory virology and the spread of virulent and possibly antigenic viruses via air conditioning systems, A, Part II. Joseph M Zeterberg. 291
- Ritzmann, Stephen E, Jerry C Daniels, Hideto Sakai and Gerald A Beathard: The lymphocyte in immunobiology. 109
- Rodgers, John, Alvan L Barach and Hylan A Bickerman: Continuous positive pressure breathing in chronic obstructive lung disease: effect on minute ventilation and blood gases. 72
- Rotorod sampler, staining of biologic airborne particles caught with the, Carlos Benaim. 618
- Rubinstein Elliot and Ned J Whitcomb: Clinical effectiveness of commonly used oral bronchodilators in asthmatic children. 603
- Ruiz, Delia C and Jorge R Vaccarezza: Investigation of the urinary metabolite of the catecholamines in symptomatic and asymptomatic asthma patients. 178

## S

- Sakai, Hideto, Gerald A Beathard, Stephan E Ritzmann and Jerry C Daniels: The lymphocyte in immunobiology. 109

# INDEX TO VOLUME 31

- Salem, Harry, Richard H Jackson, Ramon Garrido and Harold I Silverman: Blood levels following oral administration of theophylline preparations. 413
- Saraclar, Yildiz, Burhan Say, Safiye Gogus and Cigdem Altay: Serum alpha<sub>1</sub>-antitrypsin in allergic respiratory disorders. 420
- Say, Burhan, Safiye Gogus, Cigdem Altay and Yildiz Saraclar: Serum alpha<sub>1</sub>-antitrypsin in allergic respiratory disorders. 420
- Scott, Roland B, Corazon G Uy, Roscoe C Young and M Nick Chehreh: Bronchial challenge studies with cockroach antigen in asthmatic children. 407
- Segal, Maurice S and Sadamu Ishikawa: Re-appraisal of helium-oxygen therapy on patients chronic lung disease. 536
- Sehgal, VN and VL Rege: An interrogative study of 158 urticaria patients. 279
- Sequential vascular response test, Aspirin disease, L-histidine and the. Elmer W Fisherman and Gerald N Cohen. 555
- Serum alpha<sub>1</sub>-antitrypsin in allergic respiratory disorders. Cigdem Altay, Yildiz Saraclar, Burhan Say and Safiye Gogus. 420
- Serum IgE levels: correlation with skin test sensitivity. James A Loeffler, Leo P Cawley and Marilyn Moeder. 331
- Serum IgE levels, Protection from exercise-induced asthma by pre-exercise cromolyn sodium and its relationship to. AR Morton, KJ Turner and KD Fitch. 265
- Serum monoamine oxidase and airway obstruction in asthmatic children, Effect of exercise on. R Michael Sly, Fred Joseph and Curtis M Johnson. 328
- Shivpuri, DN and MK Agarwal: Effect of tylophora indica on bronchial tolerance to inhalation challenges with specific allergens. 87
- Silverman, Harold I, Harry Salem, Richard H Jackson and Ramon Garrido: Blood levels following oral administration of theophylline preparations. 413
- Skin testing technique, Perfection of, I., Atopic skin test reevaluated. R Voorhorst and H van Krieken. 137
- Skin testing, Variability of results, Done in octuplicate, Atopic skin test reevaluated. R Voorhorst and H van Krieken. 195
- Sly, R Michael, Fred Joseph and Curtis M Johnson: Effect of exercise on serum monoamine oxidase and airway obstruction in asthmatic children. 328
- Sly, R Michael, Fred Joseph and Curtis M Johnson: Effect of exercise upon plasma cortisol and airway obstruction in asthmatic children. 371
- Staining of biologic airborne particles caught with the rotorod sampler (a laboratory brief). Carlos Benaim. 618
- Status asthmatics, intravenous isoproterenol in the treatment of respiratory failure in childhood. David W Wood and John J Downes. 607
- Stern, Arthur, Aldo Faga and Samuel J Prigal: A study of a large family with an unusually high incidence of asthma. 561
- Steroids, Systemic fungal infection complications in asthmatic patients treated with. (case report) Daniel H Goodman. 205
- Study of a large family with an unusually high incidence of asthma, A. Arthur Stern, Aldo Faga and Samuel J Prigal. 561
- Sublingual testing with certified food colors, Drug reactions and. Stephen D Lockey. 423
- Sweet, Lawrence C, Raymond C Mellinger and George R Mikhail: Parenteral long-acting corticosteroids: effect on hypothalamic-pituitary-adrenal function. 337
- Symposium on isoproterenol therapy in asthma. Harold A Lyons, Stephen M Ayres, Murray Dworetzky, Constantine J Falliers, M Coleman Harris, CT Dollery and Bryan Gandevia. 1
- Syndromes simulating allergy. A Ford Wolf. 300
- Systemic fungal infection complications in asthmatic patients treated with steroids. (case report) Daniel H Goodman. 205

## INDEX TO VOLUME 31

### T

- Test for aspirin intolerance (hypersensitivity) and adrenergic stimulators. Elmer W Fisherman and Gerald N Cohen. 182
- Theophylline preparations, Blood levels following oral administration of. Richard H Jackson, Ramon Garrido, Harold I Silverman and Harry Salem. 413
- Tiedeman, Gail M, Earl D Lumpkins and Shirley L Corbit: Airborne fungi survey. 1. Culture-plate survey of the home environment. 361
- Tuchinda, Montri and Eugene G Weinberg: Allergic tension-fatigue syndrome. (case report) 209
- Turner, KJ, KD Fitch and AR Morton: Protection from exercise-induced asthma by pre-exercise cromolyn sodium and its relationship to serum IgE levels. 265
- Tylophora indica, Effect of, On bronchial tolerances to inhalation challenges with specific allergens. DN Shivpuri and MK Agarwal. 87

### U

- Unknowns in allergy and clinical immunology. (editorial) 394
- Unusual signs of respiratory tract allergy. Meyer B Marks. 611
- Urinary metabolite of the catecholamines in symptomatic and asymptomatic asthma patients, Investigation of the. Jorge R Vaccarezza and Delia C Ruiz. 178
- Urticaria, An interrogative study of 158 patients. VN Sehgal and VL Rege. 279
- Use of laminar control device as adjunct to standard environmental control measures in symptomatic asthmatic children. RJ Zwemer and J Karibo. 284
- Uy, Corazon G, Roscoe C Young, M Nick Chehreh and Roland B Scott: Bronchial challenge studies with cockroach antigen in asthmatic children. 407

### V

- Vaccarezza, Jorge R and Delia C Ruiz: Investigation of the urinary metabolite of the catecholamines in symptomatic and asymptomatic asthma patients. 178
- van Krieken, H and R Voorhorst: Atopic skin test reevaluated: I. Perfection of skin testing technique. 137
- van Krieken, H and R Voorhorst: Atopic skin test reevaluated: II. Variability in results of skin testing done in octuplicate. 195
- Varga, EA, S Davidson, D Collins-Williams, M Fitch, C Collins-Williams and HK Kuo: Atmospheric pollen counts in Toronto, Canada, 1971. 65
- Venuti, A, W Bonini and G Patriarca: Allergy to pyramidon (aminopyrine). 84
- Venuti, A, W Bonini and G Patriarca: Identification of IgG-antibodies in subjects with hay fever before and after specific hyposensitizing treatment. 223
- Voorhorst, R and H van Krieken: Atopic skin test reevaluated: I. Perfection of skin testing technique. 137
- Voorhorst, R and H van Krieken: Atopic skin test reevaluated: II. Variability in results of skin testing done in octuplicate. 195
- Voorhorst, R and H van Krieken: Atopic skin test reevaluated: II. Variability in results of skin testing done in octuplicate. 499

### W

- Weinberg, Eugene G and Montri Tuchinda: Allergic tension-fatigue syndrome. (case report) 209
- What's with the FDA? (editorial) Howard G Rapaport. 515
- Whitcomb Ned J and Rubinstein Elliot: Clinical Effectiveness of commonly used oral bronchodilators in asthmatic children. 603

## INDEX TO VOLUME 31

- White, Sheila, LM McEwen, Mary Nicholson and I Kitchen: Enzyme-potentiated hyposensitization III: control by sugars and diols of the immunological effect of  $\beta$  glucuronidase in mice and patients with hay fever. 543
- Wolf, A Ford: Syndromes simulating allergy. 300
- Wood David W and Downes John J: Intravenous isoproterenol in the treatment of respiratory failure in childhood status asthmaticus. 607

## Y

- Young, Roscoe C, M Nick Chehreh, Roland B Scott and Corazone G Uy: Bronchial challenge studies with cockroach antigen in asthmatic children. 407

## Z

- Zeterberg, Joseph M: A review of respiratory virology and the spread of virulent and possibly antigenic viruses via air conditioning systems, Part II. 291
- Zeterberg, Joseph M: A review of respiratory virology and the spread of virulent and possibly antigenic viruses via air conditioning systems, Part II. 291
- Zwemer, RJ and J Karibo: Use of laminar control device as adjunct to standard environmental control measures in symptomatic asthmatic children. 284
